

My Timberland Regional Library Access Opt-Out Form

Centralia School District and the Timberland Regional Library (TRL) have formed a partnership to provide students access to a wider range of resources from the library's electronic services collection. Students will be able to view and check out electronic library resources (ebooks and audiobooks) that are automatically returned. Watch this 2 minute video to learn more. Access to MyTRL will begin January 2, 2023. Parents may choose to submit this form to the school office to opt-out their student from MyTRL access.

I submit this completed form as my request to opt-out my student from having Timberland Regional Library electronic access(My TRL).
