## INCLEMENT WEATHER INFORMATION

Inclement weather can impact school hours and bus routes. Centralia School District follows a step-by-step process in deciding school adjustments and closures.

It is a goal of Centralia School District to announce any delay in starting times, closures, or use of winter routes on our website home page (under announcements) at [www.centralia.k12.wa.us](http://www.centralia.k12.wa.us) or on local radio stations, KITI 1420 AM, KELA 1470 AM, LIVE95-FM 95.1 or KMNT 104.3 FM. Most Seattle TV stations will also announce delays or closures. You can also check online at:

[www.flashalertseattle.net](http://www.flashalertseattle.net)  
and  
[www.chronline.com](http://www.chronline.com)

If a decision is made to run school two hours late, parents are advised to continue listening to the radio, checking our website, or watching a Seattle TV station. A decision whether road conditions and weather require that school be canceled will be made no later than 7:30 a.m. and announced shortly thereafter.

## **Drug Free Schools: Notice to Students and Parents**

This notice is being distributed to all students and parents as a part of the compliance requirements of the Drug Free Schools/Workplace Legislation (P.L 10100-226). The legislation was enacted in 1989 and requires school districts to adopt Board Policies and Administration Procedures relevant to the law. The Board of Directors of the Centralia School District adopted such policies in October 1990.

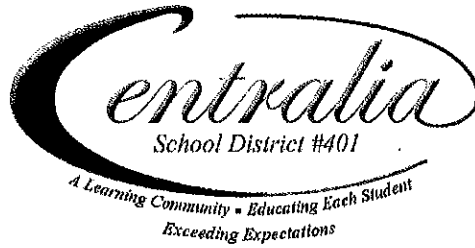

Consumption of alcohol, use of controlled substances, or use of nicotine products is unlawful, wrong and harmful; it will not be allowed by students or staff on school premises or at school functions. Students who do not comply with standards of conduct may be suspended or expelled from school.

### **Student Conduct Standards**

Board Policy/Procedure 3240/3240P- Student Conduct Expectations and Reasonable Sanctions/Consequences sets forth standards governing student conduct. Compliance with the following standards is mandatory:

Alcohol, Chemical Substances, Tobacco products (including electronic cigarettes and vape pens) Marijuana/Cannabis- The possession, consumption, use, storage, or distribution of drugs (including marijuana/cannabis), alcohol, and other similar chemical substances:

1. On school grounds at any time;
  2. During a school related activity off school grounds;
  3. At any time when the student is enroute between home and school
- This section applies to any controlled substance, medication, stimulant, depressant, or mood altering compound, including simulated compounds intended to produce intoxication or euphoria, whether or not such compounds have been designated a controlled substance by state or federal law.
  - This section applies to legally-prescribed drugs which a student is nevertheless not lawfully authorized to possess on school grounds, at school activities or on district-provided transportation.
  - Students may not participate in smoking, use of electronic cigarettes, tobacco products or products containing nicotine, or possess tobacco products on the school premises or at school-sponsored functions.

### **Corrective Action Required**

Board Policy/Procedure 3200/3200P-Student Rights and Responsibilities, and Authority of Certificated Staff, Board Policy/Procedure 3241/3241P-Classroom Management, Discipline, and Corrective Action set forth corrective action required if a student appears at school or at a school sponsored function demonstrating behavior which indicated that he/she may be under the influence of addictive substances and/or admits to an administrator that he/she is under the influence of addictive substances, the school will take the following action:

- A. The parents will be notified to arrange for appropriate treatment.
- B. If the student's illegal use of addictive substances is confirmed, the school administration may request the assistance of an enforcement official in investigating the source of the addictive substance.
- C. Appropriate school disciplinary action will be taken
- D. Counseling is available to students for substance abuse problems.

If school authorities find a student in possession of addictive substances at school, addictive substances will be confiscated and turned over to law enforcement officials for investigation and disposal. Appropriate school disciplinary action will be taken by a school administrator regardless of law enforcement action.

If a school administrator receives information concerning sale or use of addictive substances outside of school, the information will be reported to law enforcement officials for their investigation.

Appropriate disciplinary action may include short-term suspension, emergency removal, or expulsion in accordance with Board Policy 3241-Classroom Management, Discipline, and Corrective Action.
