Dear Parents/Guardians:

Your child has the opportunity to access the Internet at school, but needs your permission to do so. Among other advantages, your child will be able to communicate with other schools, colleges, organizations and individuals around the world through Internet and other electronic information systems and networks. Internet is a system which links smaller computer networks, creating a large and diverse network allowing your child, through electronic mail (e-mail) and other means, to reach out to many other people to share information, learn concepts, and research subjects. These are significant learning opportunities to prepare your child for the future.

With this educational opportunity also comes responsibility. It is important that you and your child read the enclosed informed consent form, school district procedures, and other material, and discuss it together. When your child is given an opportunity to use the computer, it is extremely important that the rules are followed. Inappropriate use will result in the loss of the privilege to use this educational tool, and other disciplinary action if appropriate. Parents, remember that you are legally responsible for your child's actions.

We have established procedures and rules regulating the materials that students may search for on the network, (Board Policy #2022) but please be aware that there is unacceptable and controversial material and communications on the Internet that your child could access. It is not possible for us to always provide direct supervision of all students. We cannot filter material posted on network-connected computers all over the world. We encourage you to consider

We also reserve the right to review e-mail sent or received on the district system to improve student safety and system integrity, and you and your child must waive the copyright on any material posted through the network.

Copies of the full Board Policy and Procedures regarding the Electronic Resources and Internet Use Agreement are available in your child's school. If you have any questions, you may contact the school's principal.

Please sign and return the Internet Use Agreement form allowing your child Internet access. The form will be kept on file at your child's school.
