

# FREE COVID-19 TESTING

**OPEN MONDAY, TUESDAY, THURSDAY,  
& FRIDAY 8:30 AM - 6:00 PM**

Drive-through PCR testing site.

No appointment is necessary but online registration is encouraged. Please visit [www.DiscoveryHealthMD.com/LewisCounty](http://www.DiscoveryHealthMD.com/LewisCounty) to register.

Anyone is welcome to get tested, including those who are symptomatic or potentially exposed. Regular testing leads to quicker identification of cases, quicker treatment, and faster isolation to stop the spread. Testing can also identify cases before symptoms begin.

Results are typically available within 24-72 hours. Please bring State ID and insurance information if available. Masks are required, regardless of vaccination status.

The entrance is located in the parking lot at the west end of the Lewis County Mall. Use the entryway off N. National Ave. and turn left immediately once in the parking lot to follow the signs and cones.

**151 NE Hampe Way, Chehalis, WA 98532**
